TITLE	Searl Family Memorial Field Working Group Update
DATE OF UPDATE	15 July 2026
ACTIVITIES TO REPORT	The working group met on 16th June to agree a way forward. The group proposed that we give up on the cricket clubs as despite waiting for over 6 months we have not had any feedback. The working group would now like to explore the development of a natural indigenous woodland/forest with accessible nature trails and multipurpose activity trails. This would be a very long-term project which would involve the planting of thousands of trees; it would be for future generations to appreciate the full scope of woodland. The group are to take advice from National Landscape, Woodland Trust, and Natural England and revert to the council with firmer proposals. We would then be looking for grants. Meanwhile the group agreed that the water supply is no longer needed so it can be disconnected, thus saving money for the council of the water supply standing charges. The land registry search for the Memorial Hall shows that the details of the Council were not up to date. We would like to get the title details of the Searle family memorial field, so that they can be checked and corrected if necessary. This isn't urgent, we are just getting the governance in order. This will cost £57.98
