3. Message from Landulph Orchard Green

Work is starting on the opening up the bottom gate in Duke Orchard. This should make it more accessible for families with young children and people with walking difficulties. The funding for this work has been provided by Tamar Valley National Landscape. A group of volunteers have cleared the gate ready for the digger.

When there are events in either of the LOG fields, they are still open for visitors but please be careful while the digging work is happening in Duke Orchard.

If you would like to help look after Duke Orchard and Duchess Green, please contact Clare Tagg or email the LOG Working Group.

4. Message from Landulph Climate Group

The Landulph Wildlife Photographic Competition has now closed and we have received some beautiful pictures. The Working Group is drawing up a shortlist of the best 12 and these will be available in the Newsletter, at the Festival and online at Landulph.org for you to vote on your favourite. Once the shortlist has been agreed next week, the pictures and details of how to vote will be on the competition page.
